Subject: RE: Oregon Listing: OA

This will be a very interesting discussion. Last week I attended a meeting which was focused on establishing an OA monitoring network in Oregon.
I continued to press that a need was biological impacts in state waters. A committee was formed at this meeting and I will be a representative on it.
initially the network will most probably focus on compiling existing monitoring, and augmenting existing monitoring programs, but we hope it will
Lead to additional OA monitoring work.

Sorry that I missed this morning's call.

Cheryl

As a follow-up to our meeting today, we discussed getting together to discuss three issues.

Deliberative Process / Ex. 5

3. What are the data gaps in the record that need to be filled in order to improve our understanding of OA in Oregon waters?
